OGC HAS REVIEWED.

MEMORANDUM FOR THE RECORD

26 June 52

25X1A

[REDACTED]
Procurement of Audio-Visual Device

...It is proposed to have [REDACTED] construct a prototype for a mobile audio-visual device, and twenty production units. These machines are planned to be used in the field for language training, and perhaps operational purposes.

25X1A

...There are several Federal conflict of interest statutes which are pertinent to the proposed contract...

...There is a question of procurement procedure here...

...The objective in procuring the prototype will be to develop operational requirements and specifications, which will be drawn up in such a manner as to solicit competition on the production contract...

...There must be adequate protection in the contract for the government on patent rights.
